

X International Workshop (On Site-On Line)

NeuroSpine

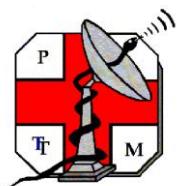

Telemedicine, Artificial Intelligence, Robotics

BioMedical and InfoAssistive Technologies in Brain and Spinal Rehabilitation and Inclusion of People with Disability

October 10, 2025

Warsaw – Poland

(during the 32th International Trade Fair for Rehabilitation and Physiotherapy)

IITM
Istituto Internazionale di TeleMedicina
(International Institute of TeleMedicine)

[Program](#)

H. 11.00 Introduction to Workshop

- **Wojciech Glinkowski** (Pres. Polish Telemedicine and e-Health Society, Warsaw Medical University, PL)
- **Francesco Sicurello** (President of IITM , CNR-ITB, Bicocca University of Milan, IT)

H. 11. 30 Digital Health, Biosensors and Info-Assistive Technologies in Rehabilitation

- **Generative AI-supported monitoring and caregiver coordination for patients with chronic neurological conditions, persistent pain, and complex dental care needs;** **Rafal Doniec** (Silesian University of Medicine, Poland)
- **Tools for minimally supervised exoskeleton-aided physiotherapy of extremities;** **Piotr Falkowski** (Biorobotics and Medical Devices Research, Development Center for Automation and Robotization, Warsaw University of Technology)
- **Exoskeletons and Neurospinal Rehabilitation;** **Francesco Chiampo** (Physiotherapist expert in Robotics, Italy)
- **Federated Learning and Big Data in Health Care;** **Mario Bochicchio** (University of Bari, Vicepresident of AITIM, Italy)
- **AI in Health Care;** **Sarmad Maqsood** (Vytautas Magnus University Kaunas, Lithuania)
- **Integration of GenAI assistant in care pathways for persons with disabilities in residential and home care settings;** **Laura Bugo, Evert Jan Hoogerwerf** (Aias Bologna Onlus, Italy)
- **TeleMediCare Platform for telemonitoring and rehabilitation;** **Alessandro Orro, Francesco Sicurello** (ITB - CNR Milan)

H. 1.00 pm Break

H. 1.30 Innovation and intelligent systems in Neuro-rehabilitation

- **Digital Medicine and NeuroRehabilitation;** **Paolo Milia** (Dir. Neuro rehabilitation at Clinical Institute Tiberino, University of Perugia)
- **Neuroimaging in Spine Cord Injuries;** **Giannantonio Pellicanò** (President of @itim, Hospital Prosperius Florence)
- **Robotics and artificial intelligence for Neuro-Rehabilitation: from scientific research to clinical practice;** **Stefano Mazzoleni** (Polytechnic of Bari and IMT Lucca, Italy)
- **Deep Learning Architectures for Speech Restoration from Brain Signals: Advancing Brain–Computer Interface Applications ;** **Asma Hasan Sbaih** (PhD in Neuroengineering and AI, Bethlehem, Palestine)
- **Telemonitoring Motor Recovery: From Technology to Clinical Application in Neurological Disorders;** **Giorgia Pregnolato** (SFI Centre: Insight. UCD – Un. College Dublin, Ireland)
- **Building Awareness and Service Provider Capacity for Intimate Partner Violence Brain Injury: Online Resources;** **Halina (Lin) Haag, Angela Colantonio, Michael Ellis, Karen Mason, Paul Van Donkelaar** (Wilfrid Laurier University, Canada)
- **The use of virtual reality (VR) for balance rehabilitation in patients with Parkinson's disease in Morocco;** **Sana Maidoumi** (Maître de conférences Kinésithérapeute, ISPITS Marrakech)

CHAIRS: Wojciech Glinkowski, President of Polish Telemedicine and e-Health Society, Warsaw Medical University, PL; Francesco Sicurello, President of IITM , CNR-ITB, Bicocca University of Milan, IT

Co-CHAIRS: Tomasz Cedro, Polish Telemedicine and e-Health Society; Bartłomiej Michalak, Faculty of Medicine Cardinal Stefan Wyszyński, Warsaw PL; Angela Colantonio, Rehabilitation Institute, University of Toronto; Mario Bochicchio, University of Bari, Vicepresident of AITIM, Rafal Doniec, Silesian University of Medicine, Poland; Hassan Ghazal, President of Telemedicine & eHealth Society, Morocco

Scientific Committee

M. Salem Abdel-Badeeh, Ain Shams University Cairo Egypt
Ridvan Alimehmeti, Medical Univ., "Mother Teresa" Hospital, Tirana
Fiorenzo Artoni, Polytechnic of Milan
Andrea Bandini, TSxuola Superiore Sant'Anna, Pisa
Pedro Berjano, Irccs Galeazzi Orthopedic Institute, Milan
Donatella Bonaiuti, AIAS Monza, APL Milan
Matteo Botteghi, World Connex, University of Bologna
Laura Bugo, Aias Bologna
Marco Caimmi, STIIMA – CNR, Lecco
Marco Capogrossi, University of Pittsburgh, USA
Andrea Capra, Caspo consulting
Antonello Valerio Caserta, ASST G. Pini-CTO, Milano
Cesare Cerri, University of Milano – Bicocca
Hicham Chatoui, ISPIITS of Marrakech, Morocco
Francesco Chiampo, Physiotherapist expert in Robotics, Italy
Claudio De Felice, University of Siena
Ivano Dones, Neurosurgeon, Milan
Fabio Farina, GARR, Univers. Milano Bicocc
Felipe Fregn, Physical Medicine Rehabilitation Harvard Medical School, Spaulding Rehabilitation and Mass. Gen Hosp., Boston
Antonio Frisoli, Scuola Superiore Sant'Anna, Pisa
Maria Luisa Ganadu, Università di Sassari
Gian Angelo Geminiani, Botika Accourate Group, San Marino
Francesca Gasparini, University of dMilano – Bicocca
Piermario Gerthoux, vice-President IITIM
Antonio Graziano, Human Brain Wave-HBW
Mauro Grigioni, Ist. Sup. Sanità, Roma
Marco Grimaldi, IRCCS Humanitas Milano
Evert Jan Hoogerwerf, Aias Bologna
Halina Kwasnicka, Politechnic University of Wroclaw, Poland
Alda Kika, University of Tirana, Albania
Judita Kinkorova, University Hospital Pilsen, Czech Republic
Giuseppe Lanza, University of Catania
Sara Lanza, ASP Ragusa
Leonardo Longo, Laser Institute, Firenze
Pasqualino Maietta Latessa, University of Bologna
Manuela Mallamaci, University of Palermo
Matteo Malosio, STIIMA – CNR, Lecco

Roberto Mancin, Università di Padova
Sara Marinelli, CNR Rome
Urszula Markowska-Kaczmar, Wrocław University of Science and technology, Poland
Giancarlo Mauri, Prof. Emeritus of Bicocca Universit y, Milan
Stefano Mazzoleni, Polytechnic of Bari
Alessandra Mezzelani, ITB – CNR, Milan
Silvestro Micera, Institute of BioRobotics, SSSAPisa & École Polytechnique Fédérale, Lausanne
Paolo Milia, Istituto Clinico Iberino, Univers. Perugia
Paolo Mocarelli, Università Bicocca Milano
Sandro Mussa-Ivaldi, Northwestern Univ. & Ability Lab, Chicago
Antonio Oliviero, Hospital Nacional de Parapléjicos, Toledo
Maria Pia Onesta, Unità Spinale Hospital Cannizzaro Catania
Silvia Orlandi, University of Bologna
Alessandro Orro, CNR-ITB Milan
Sara Piccirillo, University of New Mexico
Elvira Pirondini, University of Pittsburg
Giorgia Pregnolato, SFI Centre: Insight. UCD – Un. College Dublin, Ireland
Marina Rizzo, Hospital Villa Sofia Palermo, SNO Vicepresident
José Abad Rodríguez, Hospital Nacional Parapléjicos, Toledo
Pierluigi Ritrovato, University of Salerno
Anisa Rula, University of Brescia
Nicoletta Sabadini, University of Insubria, Como
Antonino Salvia, Fondazione Santa Lucia IRCCS, Roma
Antonella Santone, Università del Molise CB
Asma Hasan Sbaih, PhD in engineering of Information Technology Bethlehem, Palestine
Gabriele Siciliano, University of Pisa
Giulia Stampacchia, University Hospital of Pisa
Mateja de Leonni Stanonik, Global_Neurology, Tucson
Martin Tabakow, Technological University of Wroclaw, Poland
Peter Tonellato, Harvard Medical School, Boston
Giuseppe Tritto, WABT Paris
Pietro Veglianese, Istit. Farmacologico Mario Negri Milano
Yukako Yagi, Memorial Sloan Kettering Cancer Center, NY
George W. Yip, National University of Singapore, Singapore
Elisa R. Zanier, IRCCS- Mario Negri Pharmacological Inst. Milan
Italo Zoppis, Universiy of Milano – Bicocca

ORGANIZING COMMITTEE AND SECRETARIAT

Calogero Galvano (ASP AG, IITM); Giacomo Andrea Sicurello (IITM, NeuroSpine Community) ,
